

PRIYA SHARMA

FRONT-END DEVELOPER | WEBSITE DEVELOPER

priyavats0607@gmail.com | www.linkedin.com/in/priya-vats01 | Portfolio

PROFILE SUMMARY

Detail-oriented front-end developer and current undergraduate student with practical experience building and deploying responsive websites, interactive financial tools, SaaS dashboards and business management interfaces. Skilled in HTML, CSS, JavaScript, TypeScript, React, Next.js, Tailwind CSS, Git, GitHub and Netlify deployment. Strong understanding of responsive layouts, typography, visual hierarchy and user-focused interface design, with experience using AI-assisted workflows to accelerate development, testing and refinement.

PROJECT EXPERIENCE

Finora - Financial Calculator Platform | Interactive

Responsive Website Live Project: <https://finora-01.netlify.app/>

- Built responsive EMI, SIP, savings goal, compound interest and GST calculators with instant JavaScript-powered results.
- Created linked number inputs and sliders, calculation summaries and clear financial result breakdowns. Applied a distinctive typography-led design, tested responsive behaviour and deployed the live website on Netlify.

CampaignPilot AI - Social Media Manager | Interactive Front-End

Prototype Live Project: <https://ai-socialmedia-manager.netlify.app/>

- Developed a responsive multi-page campaign dashboard with analytics, calendar, content library and brand-management views.
- Implemented working navigation, sample performance visualisations and an interactive content-creation workflow. Designed reusable dashboard patterns and responsive layouts for creators, marketers and multi-brand teams.

LocalFlow CRM | Business Dashboard Prototype

Live Project: <https://crm-business-dashboard.netlify.app/>

- Designed a responsive CRM interface for customers, bookings, leads, invoices, reminders, team activity and analytics.
- Organised complex business information into accessible cards, tables, pipelines and role-based dashboard views. Created interactive navigation between overview, customer and operational screens using structured demonstration data.

Personal Developer Portfolio | Responsive Portfolio Website

Live Project: <https://priya-sharma-portfolio-1.netlify.app/>

- Created a typography-led portfolio with responsive layouts, project case studies, interactive sections and contact options.
- Presented three live products through detailed case studies covering the problem, solution, role and design decisions. Added mobile navigation, project links, LinkedIn and a Netlify contact form within a consistent visual system.

EDUCATION

| Jul 2025 - Jul 2028

BACHELOR OF COMPUTER APPLICATIONS (BCA) - COMPUTER SCIENCE

Kurukshetra University (KUK) | Currently Pursuing
